

2021 COVID PROTOCOLS REFERENCE SHEET

These are the best guidelines we can give at this time and we appreciate everyone making the effort to follow them.

- There will be a Screening tool in place and all players **MUST** fill this out before arriving to the field **INCLUDING** all SPECTATORS.
 - If you are directed by the screening tool to **NOT** attend a game, you must follow this direction. Respect the League and its players.
- **THERE WILL BE NO SLIDING AT ANY BASE. ALL PLAYS WILL BE FORCE OUTS AT THE UMPIRE'S DISCRETION.** This is **NOT** a discussion point. If you slide, you will be called **OUT**.
- Defensive team will supply the ball (Umpire approved) for their inning in the field. If a ball goes out of play, then it needs to be replaced by the defensive team.
 - An out of play ball should be sanitized before returning to play (if retrieved by anyone not on the defensive team).
- Home team will take the bench on the same side as the **BASE BUNKER**.
- Medical Masks are **NOT** mandatory but are acceptable. Spectators should be following mask protocols at all times
- Sanitizer will not be supplied but is recommended that you use it before, during and after the game. Specifically, for those teams that have no option but to share bats.
- Clean up your garbage after your game. We have requested additional garbage and recycle bins at all diamonds.
- Current numbers per diamond will be 25 people per fence/dugout.
- We ask that you promptly clean up and clear out after your game to allow space and time for the next teams to arrive.
- Spectators are not allowed in the dugout area. They are to enjoy the game from the bleachers or further down the fence lines.
- Lack of uniforms is not appealable for this season due to restrictions on obtaining new/replacements. Please try to match as best as possible.

As stated earlier and to try and help progress out of further restrictions...there will be no socializing in the parking lot before or after games. There are still gathering rules in place and we do not need any additional attention at the park this year so let's continue to be a little cautious and a little smart.

Rosters will be checked at the start of week 2 (July 19) and any player not registered, will be removed from the roster. **ALL** players **MUST** be registered and must have their own email address to do so.
